Project Concept: Deliver 8,000 shirts with "keep sweating" logo in Sweat Tech at National 10K. Of those 8,000, 75 shirts have "Winner" logo. Those that sweat through and have the winner logo, win \$100.

RESULT: There was a frenzy over the shirt and subsequent social media discussion over the technology.

ViewSPORT®: Gatorade Australia, US, and South America called LiberTees with the objective on using the technology for their respective campaigns, and Gatorade PR is ordering again!
